

*I wonder what it would be like to not worry so much...*

I can't help but worry about my mom being home alone. I want her to enjoy her senior years — but how will we find the “right” community for her?

*We chose the comforts of home...*

We felt a warm, welcoming feeling the moment we entered Brandywine. Sure it was beautiful... but the people we met and friendly staff are what made it so inviting.

*We chose for her to be safe...*

My mom likes to do things for herself — but some days are a little harder for her than others and it is comforting to know that she has the support of the wonderful Brandywine staff when she needs them, including nurses on-site, not on call, 24 hours a day.

*We chose her happiness...*

Now she has something to look forward to everyday! Brandywine offers so many activities that interest her... from local outings to crafts and movie nights...there is always something for her to enjoy with her new friends.

There are so many good choices available — but there is only one great one...
